PBA GUARDS

1. It is requested that PBA guards be secured and assigned to duty at the CIG [REDACTED]

25X1A6A

2. Military personnel have previously been assigned to handle all guard duty, but such personnel is now unavailable in sufficient number to be practical. By 1 April, it will be impossible to maintain the necessary 24-hour guard duty.

3. The tour of duty is so scheduled as to maintain twenty-four hour guard in three shifts daily, with each guard having one overtime shift (eight hours) every fourth week. The guard will verify credentials of anyone seeking to enter the premises and will be required to keep a visitor's register at the warehouse entrance. At night the guard will make a periodic patrol of the premises for security and fire checkup.

4. Because of the nature and value of the equipment which is stored at the [REDACTED] a complete guard detail is required. The Depot is under the jurisdiction of the Communications Division, but is periodically checked, for adherence to security regulations, by the Security Division, CIG.

5. Due to the imminence of the release of present military personnel, immediate consideration of the above request is urged.

Mr. Meredith F. Burrill
Board on Geographical Names
Department of the Interior
Washington, D. C.

Dear Mr. Burrill:

Reference is made to previous correspondence between your office and this Agency relative to the performance of certain activities by the Board on Geographical Names during the last quarter of the 1947 fiscal year. The sum of \$5,000 was transferred to the Board for the conduct of the work covered by this Project.

It is desired to confirm verbal arrangements made between your office and the Office of Reports and Estimates of this Agency whereby additional work was to be performed by the Board on Geographical Names during the fiscal year 1948. It was estimated that the approximate sum of \$5,000 per quarter would be required to be transferred from this Agency to the Board for each quarter of the 1948 fiscal year. On the basis of latest available data it appears that the sums of \$4,727 and \$4,925 are required to cover the expenses for the quarters ending 30 September and 31 December 1947 respectively. These amounts are set forth in detail as follows:

First Quarter

(1) Name research on CIA staff intelligence	\$2,000
(2) Name research (JMPC)	25
(3) Name research on existing master files in preparation for application to machine records	2,702
	<u>\$4,727</u>

Second Quarter

(1) Name research on CIA staff intelligence	\$3,000
(2) Name research (JMPC)	175
